Checklist for Military Applicants

“Military Personnel and their Dependents”: During the period of their assignment to South Carolina, members of the armed services of the United States stationed in South Carolina and their dependents are eligible for in-state tuition rates. When these armed service personnel are ordered away from the State, their dependents are eligible for in-state tuition rates as long as they remain continuously enrolled at the state institution in which they are enrolled at the time the assignment ends or transfer to an eligible institution during the term or semester, excluding summer terms, immediately following their enrollment at the previous institution. In the event of a transfer, the receiving institution shall verify the decision made by the student’s previous institution in order to verify the student’s eligibility for in-state tuition rates. It is the responsibility of the transferring student to ensure that all documents required to verify both the previous and present residency decisions are provided to the institution. These persons and their dependents are eligible for in-state rates after their discharge from the armed services even though they were not enrolled at a state institution at the time of their discharge, if they have evidenced an intent to establish domicile in South Carolina and if they have resided in South Carolina for a period of at least twelve months immediately preceding their discharge *.
